

DETROIT
REMAN

PROVEN DETROIT ENGINEERING – REMANUFACTURED.

Detroit Reman keeps hard-working trucks earning. OEM-remanufactured to Detroit's original standards — because Detroit's standards don't expire.

WHY DETROIT REMAN?

Remanufactured to the Standard That Built It

Built and remanufactured to
Detroit OEM specifications.

Factory-tested and validated.

Designed for seamless integration
with Detroit systems.

Smart Value Without Compromise

Lower cost than new without
sacrificing OEM quality.

Backed by a Detroit OEM
warranty.

Supported by the Detroit dealer
network nationwide.

Built to Last, Again

Core components are inspected,
rebuilt, and tested.

Incorporates engineering
improvements where applicable.

Remanufactured in North America
to Detroit standards.
