

ECCO (<https://www.eccoesg.com/us/en/products/back-up-alarms>)

Product Highlights

Feature or benefit

World's largest manufacturer of back-up alarms and amber warning lights

Most complete line of warning products for commercial vehicles

The Smart Alarm® from ECCO was the world's first self-adjusting back-up alarm, constantly measuring ambient noise and adjusting their sound level, creating a volume that is safe without being annoying or contributing to noise pollution. Smart Alarms® eliminate the need for constant manual adjustment and help prevent intentional alarm disconnection. Compact size and universal mounting bracket maximizes location options, self grounding with stud terminal connections, sealed in epoxy for protection against dust, moisture, and vibration.
