

DETROIT™

POWER COOL®

DIESEL ENGINE COOLANT/ANTIFREEZE

**FULLY FORMULATED
PRE-CHARGED WITH SCAs**

**Detroit
Genuine
Parts**

Part No. OWI 23512138

**WARNING: HARMFUL OR FATAL IF
SWALLOWED. CONTAINS ETHYLENE GLYCOL.**
Read carefully other cautionary information on back panel.

1 U.S. GAL. (3.78L)

Detroit Coolant - Old World

Detroit Diesel Cross Reference Chart

Product Highlights

Detroit Power Cool Plus offers superior protection against corrosion, erosion, and cavitation for 1,000,000 miles/20,000 hours

Detroit Power Cool Plus is reverse compatible with any extended life coolant technology

Detroit Power Cool Plus eliminates the need for SCA liquid additives, SCA Filters, and Extender

Detroit Power Cool Plus offers 66% more inhibitor and engine protection compared to competitive NF Extended Life Coolants

Top Movers - Detroit Diesel Coolant

OWI 23519000	ANTHRZ-DDC-PWR-COL-ELC OAT 50/50 (6 CS)

General Product Information

Detroit coolants are different - specifically formulated to not just meet, but to exceed the performance requirements of your Detroit or Mercedes Benz engine. Detroit Coolant provides reliable protection in even the most extreme heat and freezing cold conditions.

Detroit POWER COOL PLUS Extended Life Diesel Engine Coolant is a Nitrite-Free, non silicate, non-phosphate formula that eliminates inhibitor dropout and scale problems. Detroit POWER COOL PLUS keeps the cooling system running cooler and the components longer while providing complete protection against corrosion, erosion and cavitation for 1,000,000 including conventional coolants.

Detroit POWER COOL Fully Formulated Diesel Engine Coolant is a low silicate, non-phosphate formula that provides complete protection against corrosion, erosion and cavitation for 1,000,000 miles/20,000 hours with diesel engine cooling systems.

Warranty Information

Power Cool Plus & Power Cool meet Detroit Fluid Specification 93K217 and is approved for warranty
