Mobil Delvac™

ExxonMobil - Detroit Genuine Motor Oil Program

Advanced lubricants that help extend engine life, allowing you to run your business with confidence.

Mobil Delvac Lubricants meet or exceed a wide variety of OEM requirements and deliver high performance in both on- and off-highway applications.

Rigorously tested for optimum performance, Detroit Genuine Lubricants have stood up to extensive durability testing under extreme operating conditions, specifically to meet the needs of Detroit Diesel engines.

Product Highlights - Mobil and Detroit Genuine Engine Oils

Excellent Wear Protection

- Stay-in-grade shear stability maintains viscosity in severe, high-temperature service, provides wear protection and helps reduce oil consumption.

For Long Engine Life

- Helps Extend Engine Life Excellent anti-wear and anti-scuff properties help control wear in heavy-duty operation to help promote long engine life.

Extreme High Temperature Performance

- Stands up to the thermal stresses caused by the harsh, operating conditions found in the trucking, mining, construction, and agricultural industries

Improved Fuel Economy**

Low viscosity fully synthetic engine oils can help support, engine efficiency and enhance fuel economy potential** by decreasing engine friction and offering exceptional flow characteristics at low temperatures. **Relative to conventional 15W-40 engine oil. Actual fuel economy improvement is dependent on vehicle/equipment type, outside temperature, driving conditions and your current fluid viscosity.

Selected as Detroit Factory Fill Engine Oil

- New Detroit engines are build and tested using Mobil's formulation of FA-4 specification oil.

Top Movers - ExxonMobil and Detroit Genuine Lubricants

Material No	Material Description
MBL 122489	OIL, M-D 1300 SUP 15W-40, CK-4 55-GAL DR
