Product Highlights

Feature or benefit

1170 Series / Triple Value Safety Vent II

- The Triple Value Safety Vent II is a combination roof ventilator/emergency exit that provides 5-position fresh air ventilation as well as incorporating a built in non-closeable static exhaust vent. The product also includes a simple release handle that allows the hatch to hinge open for emergency exit.
- Static Vent provided with one piece outer cover designed to minimize leaks
- Interchangeable with earlier Transpec models
- Available in various radius to different roof curvatures
- Available with vandal lock feature
- Constructed on high strength UV stable materials
- Available with optional adhesive sealant and reflective tape
- Meets D250 Standard for Canadian school bus

1970 Series / Standard Safety Vent II

- The Standard Safety Vent II is combination roof ventilators/emergency exit that provides 5-position fresh air ventilation and a simple release handle that allows the hatch to hinge open for emergency exit.
- Retrofits to all hatch openings
- Interchangeable with earlier Transpec models
- Available in various radius to fit different roof curvatures

- Constructed of high strength UV stable materials
- Available with optional adhesive sealant and reflective tap
